

# Pickleball Club Guidelines

## Drop in play

Fridays 9 to 11 a.m.

Sundays 4 to 6 p.m.

The following guidelines are in place for your safety:

- Players are required to bring their own equipment, do not share equipment with anyone outside of your household.
- Consider playing singles to encourage social distancing. If you do elect to play doubles, consider partnering with only those who reside within your household.
- Coordinate with your play group so that each person serves with a different color ball. If multiple colors are not an option, use a sharpie and prominently mark personal pickle balls with your initials.
- Consider wearing gloves during play to avoid picking up pickleballs with your hands or use your paddle and foot to pick up pickleballs and transfer them to your opponent.
- Avoid touching your face during game play. If you do touch your face, wash or sanitize your hands before continuing game.
- Bring your own hand sanitizer and wash or sanitize your hands and wipe down your paddle immediately after game play.
